
**Notice of Endangered Status
for the
Sheet Metal Workers' Pension Fund of Local Union No. 19**

This is to inform you that on July 28, 2011 the plan actuary certified to the U.S. Department of the Treasury, and also to the plan sponsor, that the plan is in endangered status for the plan year beginning May 1, 2011. Federal law requires that you receive this notice.

Endangered Status

The plan is considered to be in endangered status because the plan's actuary has determined that the funded percentage of the plan is less than 80% for the plan year beginning May 1, 2011. The funded percentage as of May 1, 2011 for certification purposes is 70.1%.

Funding Improvement Plan

Federal law requires pension plans in endangered status to adopt a funding improvement plan aimed at restoring the financial health of the plan. This is the 4th year the plan has been in endangered status. As part of the funding improvement plan, the funded percentage of the plan must be increased by one-third to approximately 78% within the 13-year funding improvement period ending April 30, 2023. A Funding Improvement Plan has been approved by the Trustees and has been updated to reflect subsequent changes in Plan experience.
